

# I WILL COMFORT YOU

## Verse 1

That weight on Your shoulders  
So heavy to bear  
In times of troubles know I'm here  
Lifting your burdens, give them to Me  
And I will comfort you

## Verse 2

I know you're hurting, lean on Me  
There isn't one thing I can't see  
Open your heart and let Me  
Fill it with peace  
And I will comfort you

## Chorus

Even in sorrow you can rejoice  
His Word is light to guide you on your way  
Yes, if you believe  
You will receive His mighty love  
Keep your eyes on Jesus  
His love you can trust  
His love is everlasting  
Crown Him with your love

## Verse 3

Don't turn away, don't close your heart  
You need Me most when times are hard  
Keep sight of My love  
With faith and with trust  
And I will comfort you
